

*Lexington-Fayette Urban County Government
Stormwater Quality Projects Incentive Grant Program
Summary of Class B Education Grant Projects – FY 2021 – \$100,500.00 Awarded*

Class B Education Grants

- 1. Bluegrass Greensource, Inc.** **Grant Amount: \$35,000.00**
Target Watershed: Town Branch
Grant funds to help implement the “Town Branch Commons Trail Walking Tour.” The project elements include two guided walking tours for the public with 15 points of interest; five of which will include video productions; designing and hosting a website of a virtual water walk; and a promotional and social media campaign to highlight and inform the public about the water quality aspects along the Town Branch Commons Trail and walking tours.
- 2. Lexington Center Corporation** **Grant Amount: \$35,000.00**
Target Watershed: Town Branch
The purpose of the Town Branch Park (TBP) Education Grant is to generate engagement and education during the stormwater design phase. The project seeks to define TBP's role as innovative and vital infrastructure; and create pathways to stewardship and advocacy for water quality and long term park support. The design team will prepare and share visuals, infographics, maps, and illustrations/animations that help communicate the stormwater quality and quantity benefits of TBP to the community through social media, TBP's website, and other media sources. In addition, the project will incorporate engaging activities like the design forum and a hands-on public involvement program to include a stream clean-up event.
- 3. Living Arts and Science Center, Inc.** **Grant Amount: \$30,500.00**
Target Watershed: Countywide
The purpose of the project is to develop and present additional curriculum and disseminate educational content utilizing established programs and LASC's facility and grounds. For Fiscal Year 2021, grant funds will support programs such as the Kentucky Wildlife and Water Outreach Program, an after-school ecology program for LTMS students, Wildlife and Water Summer Camps, Eco Workshops, field trip programs, Water is Life Day, and ongoing educational displays. LASC anticipates reaching over 40,000 students, teachers, and family members through their various programs, regular classes, and workshops throughout the year. They also anticipate reaching additional audiences through field trips and activities at LASC, on their website, through social media, and in handouts.
