

Lexington Parks & Recreation Partnership Application

The Lexington-Fayette Urban County Government Division of Parks and Recreation is seeking ways to expand recreational opportunities, improve service delivery and enhance the amenities offered at our facilities through Partnerships.

PARTNERSHIPS

A partnership is a working relationship between Parks and another entity with compatible values and goals that results in clear and measurable public benefits and that expands Parks capacity to promote healthy people, a healthy environment, and/or strong communities. Partnerships can range from simple permits regarding single events or activities to long-term, multi-faceted contractual relationships. Services are sought for our community centers, athletic fields and other park facilities. Emphasis should be placed on serving individuals in need (i.e. income, education, mental health, etc.) More than one individual or group may be selected to partner at a facility. Facility usage fee may be reduced, or waived, based on whether programs are free, or fees charged for programs/activities and/or scholarships are offered.

The selected individual, group or organization must offer programming and services for a mixed-use facility or athletic field consistent with the preferred facility uses. Those preferred uses include the following:

- Community Center
- Recreation Facility
- Youth and teen activities
- Adult activities
- Fitness and athletic programming
- Health and Wellness programming
- Neighborhood Outreach

Selection Process

Partnership Program Applications will be received and reviewed by the Parks Partnership Committee. This application must be used to submit your proposal. Please fill the form out completely. Incomplete applications will not be reviewed. Following the evaluation of the Partnership Program Application, LFUCG Parks & Recreation has three options: Approval of the proposal and enter negotiations; Request additional information from the proposers; or Reject the proposal. In addition to Parks and Recreation application approval, all projects will be required to comply with all applicable local, state and federal laws and regulations.
